How to Order Chair Covers and Custom Linens:

We can order beautiful linens and chair covers in almost any color, size, fabric or pattern for your special event at nearly the same cost as our in-house linens and we work with 4 separate suppliers to help you locate the perfect linen. Prices will vary depending on current shipping rates, order size, and availability.

Ordering custom linens is a very easy process! To place your order, we kindly request that you visit our showroom and view our swatch books or visit linenshowroom.com for a small sample of custom linen choices. Upon selecting your special linens, you will have the opportunity to receive a fabric sample directly from our supplier or you may continue finalizing your order.

Payment is due in full before we can place the order. Shipping usually takes 3 days via UPS. For events taking place on a weekend your linens will commonly arrive around Wednesday or Thursday at which time you can pick them up from our store early at no extra charge.

We request that your order be placed at least 3 weeks in advance of your date. Overnight rush shipping is also available for a fee.

To make an appointment with Tammy, our event professional please contact the store.
